

**BRINGING EUROPE AND THIRD COUNTRIES CLOSER  
TOGETHER THROUGH RENEWABLE ENERGIES**

# **BETTER Event in Athens**

*Professor John Psarras,  
Head of Energy Policy Unit of NTUA*

20 September 2013, Athens, Greece

Co-funded by the Intelligent Energy Europe  
Programme of the European Union

# BETTER at a Glance (1/2)

“**BETTER** intends to address RES cooperation between the EU and third countries in several dimensions...

The core objective is to **assess, through case studies, stakeholders involvement and integrated analysis** to what extent cooperation with third countries can help Europe achieve its RES targets in 2020 and beyond, trigger the deployment of RES electricity projects in third countries and create synergies and **win-win circumstances for all involved parties.**”

# BETTER at a Glance (2/2)

Who we are?

POTSDAM-INSTITUT FÜR KLIMAFOLGENFORSCHUNG
